

MRS. BURDICK

Makes Damaging Admissions on Stand

Subjected to Rigid Examination Yesterday and Today.

Love Letters From Arthur Pennell Read in Court—Widow Confesses Her Sins—Her Story Given Here—The Buffalo Tragedy.

Buffalo, N. Y., March 24—Pale, but calm, Mrs. Burdick again mounted this morning the witness stand from which a few days ago her lover was openly accused of murdering her husband, and where yesterday she was forced to acknowledge her guilty relations with the one and her broken pledges to the other. The court room was crowded. At least half the spectators were women, eager to hear more of the impassioned love letters of Pennell and the reluctant confessions of Mrs. Burdick's duplicity.

There had been an altercation at the Burdick home, Mrs. Burdick admitted, about two years ago.

A letter from Burdick, written in Indianapolis to Mrs. Burdick was read. It declared the divorce suit would be pressed though Burdick knew it would mean his ruin, socially and financially. Mrs. Burdick recognized the letter as well as her reply—a plea for further forgiveness for the children's sake. "You have been generous; be so now" it said. This was the only letter she sent Burdick, witness said.

Pennell besought Mrs. Burdick continually to meet him. The date of their visit to the Seventh street house where they "stepped out of a window," was December 2, 1902. She spent several hours at the house, conferring with Pennell about the detectives they had hired to watch Burdick.

That night she visited Pennell at his office and "everything was amicably arranged, Burdick being very kind, even then." Next day Burdick's divorce summons was served on her and she left home, going to Niagara Falls. Pennell accompanied her to the Falls, but she went to a hotel there alone. He took dinner with her twice while she was there. He never stayed over night at the same hotel. Mrs. Burdick did not tell her mother her husband had ordered her out of the house. Burdick had told Mrs. Hull and the latter censured Mrs. Burdick more than she did Burdick, saying: "Allie, why did you do it?" Mrs. Hull blamed her daughter to Burdick who defended his wife. Pennell visited Mrs. Burdick twice while she was at the Falls.

Mrs. Burdick recognized a letter as written by Mrs. Pennell to Burdick at that time. It was a plea to Burdick to drop his divorce suit for his children's sake. It said: "Allie is going to Atlantic City and what the end of that trip will be, God only knows. As a final word of warning, let me tell you there is no punishment like a life of regret."

Another similar letter was read in which Mrs. Pennell pleaded for "Allie" as one who could care for the Burdick children better than anyone else and argued for Mrs. Burdick's return on the ground that it would save the reputations of husband and wife and the future of the children. "I know you well, Eddie," the letter said, "and appeal to your noble nature for the sake of the dear children who come into the world not of their own will. Think of them and do not risk losing their love. One line of telegram to Allie will be a great victory for your honor and better nature."

Pennell was known to the safety deposit company's employees as Mrs. Burdick's brother.

Mrs. Burdick and Pennell had expected Mrs. Pennell to obtain a divorce, but when the last named declined to procure one, Pennell declined to defend Burdick's side. Pennell told the witness when she had been divorced, he would go west, procure a divorce and then marry her. She did not know whether Pennell had

DOORS

Of Prison Are to Be Opened.

Mrs. Maybrick is to Be Freed in 1904.

RUMOR OF YESTERDAY HAS BEEN CONFIRMED

SHE WILL BE ABLE TO CONTEST

Lawsuit Involving Her Claim to Certain American Lands Worth Millions of Dollars.

London, March 24—As cabled in these dispatches yesterday, it was semi-officially announced that Mrs. Florence Maybrick would be released from prison in 1904. The Home office now announces that this American woman convicted in Liverpool, 12 years ago on the charge of poisoning her husband will be set free in July, 1904.

Mrs. Maybrick, who was Miss Florence E. Chandler, and a member of a well known Southern family, was married July 27, 1881 to James Maybrick of Liverpool. She was then 18 years old.

Her husband was over 40 years old. In the spring of 1889 Mr. Maybrick became ill, and in a few days he died. His brothers investigated his death, and charged Mrs. Maybrick with the murder of her husband. A long trial followed, and a number of doctors swore that Maybrick died of arsenical poisoning. The defense proved that for 20 years Mr. Maybrick had been a confirmed arsenic eater, and that he daily took doses that would have killed a dozen ordinary men. Mrs. Maybrick was eventually sentenced to death by the Judge, who spoke for two days in charging the jury, and who said it was simply impossible for them to find her innocent in the face of the medical evidence. He died some time later in a madhouse.

From the time of Mrs. Maybrick's conviction her mother, the Baroness von Roques, has been unremitting in her attempts to obtain the prisoner's release in which she had been aided by influential friends on both sides of the Atlantic.

In 1900, after the death of Lord Russell of Kilowen, Chief Justice of England, a letter was found written to Mrs. Maybrick in 1895.

The letter showed that the eminent lawyer was convinced that she ought never to have been convicted, and it has been generally understood that all the recent American Ambassadors to the Court of St. James have done everything possible to obtain Mrs. Maybrick's pardon.

General rejoicing in America will follow the news that Mrs. Maybrick will be freed. President McKinley made a special appeal in her behalf. The Red Cross through Miss Clara Barton, pleaded, petitions miles long were sent from America. American ambassadors besought the Home office with requests for the woman's pardon, but the Englishmen refused every appeal.

The Virginia lands to which Mrs. Maybrick is said to be the heir are worth millions.

freshen your recollection. 'As I looked into your beautiful eyes last night I feared there was some trouble hidden there. But I feared it was because of some other reason than because of my going away. If there was dearest, I wish you would tell me. There is that in the manner of your husband toward you that makes me fear sometimes that I might kill him.' Do you remember receiving that letter?"

"No, sir."

Her husband first knew of her intimacy with Pennell, she thought, on January 1, 1901.

"Did you give these letters to Burdick?"

"I don't know."

"Did you take some letter from that box and give them to him?"

"I unlocked it."

"How did you happen to unlock it?"

"He forced me to."

"How did he force you?"

"He took me by the throat."

It was in January, 1901, when he choked her.

Her husband had not started the divorce proceedings. It was she that wanted a divorce from him. She had no love for him, but did love Pennell, whom she expected to marry. He had a wife but expected they would be divorced. In reply to a question as to whether Mrs. Pennell had consented to a divorce she said:

"Some times she did and some times she did not."

Witness admitted however, that she had never talked with Mrs. Pennell on the subject. Pennell had hired the detectives who shadowed her husband. Her husband sent her away in May, 1901, on account of Pennell. Mr. Coatsworth showed her a letter written by her from Atlantic City, May 7, 1901, in which she begged to be taken back, promising never to see "Arthur" and that she would be a loving and true wife.

Another letter written by Mrs. Burdick to her husband referred to her being taken back home. She promised never again to voluntarily see or communicate with "Arthur". She made a plea on behalf of her children. She promised to be a good girl to him. Mrs. Burdick admitted that she wrote the letter in good faith and that she did not keep her promise.

On one occasion Burdick wrote her that she could not be trusted. He said that if she loved Pennell as she said she did, he did not blame her for what she did; that if he loved a woman as she did Pennell he would do as she was doing. He declared that he loved her long after she ceased to love him and that if she tried she might win back both his love and his respect. Burdick declared that he had no faith in Pennell's promises and that she wished to be taken back only until Pennell was freed from his wife.

In another letter Burdick wrote that he forgave his wife the wrong she had done him. In another, Burdick declared that he had determined to fight for the little honor that she had left him, and, after getting a divorce to fight for the children. He would insist on the counter suit by Mrs. Burdick being fought in open court. Three weeks after this letter Mrs. Burdick was taken back by her husband.

After returning from Atlantic City and after promising her husband to be a good wife, she met Pennell. It was not her habit to meet him, she said, but he was constantly begging her to do so and she could meet him in a house on Seventh street.

She first denied meeting Mr. Pennell elsewhere but on Mr. Coatsworth's telling her that Pennell had told him directly she admitted that she had met Pennell at a house on Whitney Place two or three times.

any private means, as he was a silent, reserved man, and told her nothing of his private affairs, though she was intimately acquainted with him for five or six years.

Buffalo, N. Y., March 24—Mrs. Alice Hull Burdick underwent a merciless examination by District Attorney Coatsworth late yesterday afternoon beginning at 3:30 p. m. Mrs. Burdick was on the stand when court adjourned to meet this morning. With a package of letters in his hands, some of which were written to Mrs. Burdick by Arthur R. Pennell, co-respondent in the divorce proceedings instituted by Mr. Burdick, and other communications between Mr. Burdick and his wife, Mr. Coatsworth forced Mrs. Burdick to tell the story of her relations with Pennell from the first time he ever made love to her in New Haven in 1898 until 1901 when these relations were renewed after Burdick had forgiven his wife and had taken her back to his home for the sake of their children. Mrs. Burdick was deathly pale while on the witnessstand. She answered questions in a low, faltering tone, evading a direct answer whenever possible and reluctantly admitting facts when the district attorney pitilessly read extracts of the love letters written to her by Pennell.

Mrs. Burdick testified that she would be 42 years of age on April 30. She was married to Burdick in 1886. She met Pennell at a card party five or six years ago.

Witness could not recall a letter from Pennell written in New Haven in 1900 in which he said "Yesterday I was at the gateway of the campus grounds where more than two years ago I drew you in the darkness. This place is enshrined to me."

The district attorney produced the letter and handed it to the witness who trembled violently.

"Do you recognize it as Pennell's handwriting?"

"Yes," whispered Mrs. Burdick.

"And you recall the incident now?"

"Yes, sir."

Mrs. Burdick in recalling the incident confessed that Pennell went into a doorway, drew her in, took her in his arms and kissed her.

Mrs. Coatsworth produced another letter postmarked New Haven. Pennell wrote: "I shall try and comfort myself by telephoning you from New York and on Thursday shall know the exquisite happiness of seeing you." He referred to her "dear picture in the locket," and declared her "my love, my life, my dearest one." Mr. Coatsworth produced another letter from New York, September 18, 1900, addressed to Mrs. Burdick.

In this letter he wrote:

"I just came from telephoning you and hearing your dear sweet voice. Am I foolish to telephone you from way down here? It was worth all it cost me. I realize more and more that you are the only woman in the world for me."

"In this same letter he says: 'Only a day more and I shall once more see the love light in your eyes and experience the paradise within your arms.' What does he mean by that Mrs. Burdick?"

"I don't know."

"What does he mean by the 'paradise within your arms'?"

"I don't know."

"Pretty strong language isn't it?"

Mr. Coatsworth showed the witness another letter from Pennell. She said it was his handwriting but she did not remember having received it.

He had a wife but expected they would be divorced. In reply to a question as to whether Mrs. Pennell had consented to a divorce she said:

"Some times she did and some times she did not."

Witness admitted however, that she had never talked with Mrs. Pennell on the subject. Pennell had hired the detectives who shadowed her husband. Her husband sent her away in May, 1901, on account of Pennell. Mr. Coatsworth showed her a letter written by her from Atlantic City, May 7, 1901, in which she begged to be taken back, promising never to see "Arthur" and that she would be a loving and true wife.

Another letter written by Mrs. Burdick to her husband referred to her being taken back home. She promised never again to voluntarily see or communicate with "Arthur". She made a plea on behalf of her children. She promised to be a good girl to him. Mrs. Burdick admitted that she wrote the letter in good faith and that she did not keep her promise.

On one occasion Burdick wrote her that she could not be trusted. He said that if she loved Pennell as she said she did, he did not blame her for what she did; that if he loved a woman as she did Pennell he would do as she was doing. He declared that he loved her long after she ceased to love him and that if she tried she might win back both his love and his respect. Burdick declared that he had no faith in Pennell's promises and that she wished to be taken back only until Pennell was freed from his wife.

In another letter Burdick wrote that he forgave his wife the wrong she had done him. In another, Burdick declared that he had determined to fight for the little honor that she had left him, and, after getting a divorce to fight for the children. He would insist on the counter suit by Mrs. Burdick being fought in open court. Three weeks after this letter Mrs. Burdick was taken back by her husband.

After returning from Atlantic City and after promising her husband to be a good wife, she met Pennell. It was not her habit to meet him, she said, but he was constantly begging her to do so and she could meet him in a house on Seventh street.

She first denied meeting Mr. Pennell elsewhere but on Mr. Coatsworth's telling her that Pennell had told him directly she admitted that she had met Pennell at a house on Whitney Place two or three times.

PRISON

Opens for a Man Who Fell a Victim To a Famous Toledo Beauty's Charms.

Columbus, Ohio, March 24—William A. Eaton was brought to the penitentiary from Lucas county yesterday to serve one year for forgery. He accuses his fall to the wiles of a famous Toledo beauty, who is given credit for causing more domestic trouble than any other woman in the Lake City.

One midnight some months ago they concluded to marry and they got the Probate Judge and a minister out at that hour to tie the knot. They went away on a wedding trip, and in order to have plenty of funds Eaton forged a check for \$18. Eaton was arrested at Hudson, Mich. He entered a plea of guilty and was let off with a one year's sentence.

MURDER AVENGED.

Plattsburgh, N. Y., March 24—James F. Sullivan was electrocuted at Clinton prison today at precisely 11:28 a. m. for the murder of bank watchman Matthew Wilson at Colekill, N. Y., in 1901.

Ladrones, who killed Constabulary Inspector Clarke and several others. A detachment of thirty men, belonging to the Tenth Infantry, under the command of Lieutenants Patterson and Brown, is hurrying from Hogan, on the northwest coast of Mindanao, to Surigao, on the transport Reilly, with orders to recapture that place.

Brigadier General Sumner, commanding the Department of Mindanao, has been ordered to send two additional companies of troops to Surigao. It is reported that the Ladrones are holding the town, but details of the fight have not been received. The fate of the officials and the other foreigners is not known. If they have been captured vigorous measures will be taken to rescue them. This is the first time American troops have been used since peace with Moros was declared.

Governor Taft and General Davis are going to Jolo for a conference with the Sultan and leading Moros of Jolo, in the hope of averting trouble.

They will leave here Wednesday on the transport Ingalls. No advices have been received from Jolo since Saturday. The situation there is regarded as being critical, although Governor Taft and General Bates hope to quell the unrest and to succeed in making the Moros understand the intentions of the Americans.

The burial ship Proteus has arrived here from the Jolo archipelago, bringing the bodies of 500 soldiers and a few civilians. The bodies will be sent home on a transport.

WEIGHED 480

MAN WAS TOO BIG TO ENTER TURNSTILES.

Chicago's Heaviest Citizen is Dead—Mahler was Only 5 feet 10 in Height.

Chicago, March 24—James H. Mahler, the largest man in Chicago, if not the United States, is dead.

He weighed 480 pounds, although his height was only five feet ten inches.

Mr. Mahler was the president of a medical concern and descendant of a noble German family. He was so broad that he could not use the elevated railways, nor the Illinois Central suburban trains because of his inability to pass through the turnstiles.

Originally Mr. Mahler's family name was Wien von Mahlerstein, his father having been a German count of that name.

When a lad, he was no larger than other boys of his age, in fact, he weighed only 3 pounds at birth.

At 25 he began to take on more flesh.

Up to the time of his death he weighed nearly 480. To make him a complete suit of clothes, including a Prince Albert coat, required 12 yards of cloth, and all of his underwear was made to order in Europe, there being no looms in this country large enough upon which to weave garments of such tremendous size.

NOTE

LEFT BY THIEF WHO STOLE THE JEWELS.

Promised to Send Pawn Checks if Mrs. Alfred Nathan Would Not Tell the Police.

New York, March 24—The police are looking today for George Bassuth, brother of Alfred Nathan, who disappeared last Saturday taking jewelry valued at \$25,000 belonging to Mrs. Nathan. Bassuth left a note which read: "Madame I have taken your jewels so you need suspect no one else. Now, I'll tell you what I'll do. If you keep the matter quiet and don't make any fuss I'll send you pawn tickets, maybe, but if you set the police on my heels I'll stay in cover and get away to Europe possibly. Regards to the little boy, M. George."

HANNA'S DAUGHTER ILL.

Cleveland, O., March 24—Illness of Miss Ruth Hanna may be the cause of keeping Senator Hanna off the stump during the present campaign.

Miss Hanna is at Thomasville, Ga., and has been stricken down with ty-

phoid fever. Her father expects to be called there if his daughter's condition becomes serious. In such a case there will be no chance for him to address the Cleveland voters in behalf of the Republican ticket.

Chairman Abel of the Executive Committee, conferred with Senator Hanna yesterday. The latter expressed a great desire to be called upon for speeches, but he explained that he might be called to Thomasville. It was finally decided to come to no decision for a few days.

INSANE MOTHER

Murders Four Children Then Cuts Her Own Throat.

Ghastly Tragedy Committed in a Massachusetts Hamlet.

Boys Discovered Fire and With Neighbors Saved the House—Kerosene Had Been Poured Over The Children's Bodies.

Southbridge, Mass., March 24—A frenzied mother in the little hamlet of Fiskdale, after cutting off every means of escape crushed in the heads of her four little children, threw their bodies into a closet, scattered oil over them and herself and then, after setting them on fire closed her awful work and her own life by cutting her throat.

It was Mrs. Peter Burke, the wife of a machinist in an augur factory, who committed the fearful deed and her victims were Lillian, 6 years, William, 5 years, Louise 1 1/2 years, and Rose, 5 months old, respectively. That the woman previously showed signs of mental derangement seems to be admitted.

But for the accidental discovery of the fire the deed of the mother might have been hidden forever from the world. Two boys saw smoke coming from a window. They burst in the doors and tried to put the fire out with buckets of water but it gained on them so fast that they were obliged to run for help. Some one noticed that the closet door was open and glancing inside a blackened mass was seen. In this heap were the bodies of Mrs. Burke and her four children. The weapon with which she crushed out the lives of her offspring was a large axe. Mrs. Burke must have dragged the children into the closet and then taken a bottle of kerosene oil, poured it upon their clothing, about the walls and then upon herself. The fire had so completely charred the woodwork and flooring that no blood spots could

Engineer Harry Cole Suddenly Fell Back and Expired—Had Been up Town a Short Time Before His Sudden Death.

Harry Cole, one of the best known and most popular engineers on the B. & O. railroad, died very suddenly at his home, 69 Gay street, about 6:30 o'clock on Monday evening. He had not been feeling very well during the day and did not go out on his regular run, or the chances are that he would have died in his cab. He came over to the square in the evening, and was at Bostwick's jewelry store at 5 o'clock. He had eaten a hearty supper after which he sat down to read the evening paper. While thus engaged Mrs. Cole noticed that his head suddenly fell over to one side. She supposed that he had dropped off into a doze and did not pay much attention to him at first. She finally spoke to him, but receiving no answer attempted to arouse him. She then realized that something was the matter and called in the neighbors and sent for Dr. Mitchell and Dr. Downs. The physicians soon put in an appearance but immediately pronounced the man

dead, his death having been caused by heart failure.
The deceased was 40 years of age, and besides the heartbroken widow, he leaves one son, Frank, who is fourteen years of age. The deceased was a member of Newark lodge, No. 97, F. & A. M., Warren Chapter, No. 6, R. A. M., and St. Luke's Commandery, No. 34, Knights Templar. He was also a member of Division No. 36, B. of L. E. He had been working for the B. & O. railroad company for the past sixteen years. He came here from Derry Station, Pa., where he had worked for two years as a fireman on the Pennsylvania lines. At this writing it is not known when the funeral will take place.
The funeral will take place from the late home of the deceased on Gay street on Wednesday afternoon at 2:30 o'clock, and will be under the auspices of Newark Lodge, No. 97, F. & A. M., St. Luke's Commandery, No. 34, Knights Templar, will act as an escort. The interment will be made in Cedar Hill cemetery.

Paine's Celery Compound

Used in Springtime Will Give That Strength, Vim and Bodily Activity That All Are So Eager to Possess.

Pure blood and well nourished nerves are the great requisites at this season for every man, woman and child. Too many of our people enter the spring season with systems charged with deadly impurities. The blood is foul and stagnant; the liver and kidneys work imperfectly, and very often are diseased. With many rheumatism, neuralgia and dyspepsia are daily tormentors. Life is not safe when such ailments are permitted to run unchecked.
If you, unfortunate sufferer, find yourself burdened with any of the forms of disease just referred to, do not fail to give Paine's Celery Compound a trial. It is your only safety—your only true and certain deliverer from perils that end in death. Paine's Celery Compound has cured tens of thousands every springtime; it will do the same blessed work for you. One bottle will cost you less than a visit to consult a physician, and will convince you of its power to cure. Mr. A. S. Farley, Milwaukee, Wis., says:
"Last spring I was convinced very strongly that my blood was in bad and dangerous condition. I had boils and skin eruptions, was run down, sleepless and had no appetite. The doctors failed to cure me. I fortunately tried your Paine's Celery Compound. My dangers and troubles were soon banished, and I was a new man, strong and vigorous, thanks to Paine's Celery Compound."

MEETING

At Plymouth Church Will Continue All Week—Dr. Couch of aZenaville, Speaker Tonight.

At the evangelistic meetings at the Plymouth Congregational church on Monday evening the song service consisted of the following anthems: "Precious Name," chorus; "Leaning on the Everlasting Arms," chorus and audience; "Sunshine in My Soul," chorus and audience; "There is Power in the Blood," chorus and audience; Prayer, Mr. Kiernan; "To the Work," male quartette, Messrs. Mazey, Gates, Keckley, Crowe.
The Scripture lesson was read by Dr. Couch, and was from Luke 12:16-23.

The subject of Dr. Couch's address was "The Rich Man." He gave an illustration of a flower when its face is turned from the sun, showing how it will in time be turned back, because it cannot live without sunshine. So it is with man; he cannot live unless he turns to God.
The closing song was "Wonderful Words of Life," and was very beautiful.

The meetings will continue the rest of the week, and there will be good music by the chorus, which is still being assisted by Miss Doomey and Mr. P. Otto Gates. Mr. Couch, of Zanesville, will speak again this evening. The male quartette will sing every night, and the song service will begin promptly at 7:30 o'clock. All are welcome.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

AMUSEMENTS.

"Bob" McWade, the well known actor, has a son, Edward, who has written a war play named "Winchester," which will be seen at the Auditorium in a return engagement tonight. There is a racing scene in Winchester which is very thrilling. The play is in four acts and the scene is laid in the Shenandoah Valley in 1862. The story tells of Major Kearney (played by Edward MacKayne), a federal officer, who, having been wounded, is nursed back to health by Virginia Randolph, (enacted by Margaret May) a Southern girl. The heroine falls in love with the Union officer, who, to while away the time, teaches her telegraphy. Later she makes use of that accomplishment by tapping a wire that runs across the roof of her house, and gets all the messages sent between Winchester and Kernstown, which she sends to her brother who is a captain in the Confederate army. She is finally discovered, but the men who know her secret do not use it against her, because they want evidence of dishonor and if possible hang Major Kearney. That officer is therefore accused of being a spy, is courtmartialled and sentenced to be shot. Under cover of night, Virginia rides to Kernstown, having procured a pass that enables her to penetrate the Federal lines. She confesses to the General commanding and obtains a reprieve for her lover. After a set-to in which she shoots the villain from his horse she arrives just in the nick of time to prevent the execution of the death sentence. The play abounds in startling climaxes, and with a first class company, a carload of scenery and two horses we are promised one of the best equipped war plays ever seen.

LOOPING THE LOOP.

Rockaway Beach in all its whirligig of excitement furnishes an interesting background for most of the action and fun of the comic picture musical farce comedy. Looping the Loop, which will be presented at the Auditorium on Friday night, March 27, it is a rattling comedy in which the funny adventures of well known interesting picture characters and charming musical numbers are cleverly interwoven into a great laughing diversion. There is not a slow minute in the show. It is an all laugh show from start to finish. Every act is crowded with funny situations and it ends with a whirlwind finish of laughter. It is a rattling good comedy and if anyone is looking for an entertainment with plenty of action and no dull moments, excellent music in large quantities and fine quality rendered by a chorus of pretty girls handsomely costumed, giving the production a dash and brilliancy, Looping the Loop just fills that desire.

Spring fever—that lassitude, languor, out-of-sorts sensation, indicates a lack of vital force. It also indicates the need of Hagee's Cordial of Cod Liver Oil, a spring tonic that puts vigorous activity—life—energy into every fibre, nerve and muscle. Agreeable to take. Contains no grease.

The Columbus Press published a special dispatch from Washington announcing the intention of the war department officials to have all the state militia meet this year at the camps of instruction with the regular troops. The Press said:

"It has been decided to abolish the state encampments which have been held heretofore

"Secretary of War Root and General Corbin contemplate soon beginning the preparation of a comprehensive program whereby the organization of the militia will be taken up. The plan is to give the militia the benefit of instructions from the regular army of officers. Arrangements will also be made for transportation to and from the instruction camps. This work is being performed in connection with making effective the recently passed Dick militia bill.

"Instruction camps have been established at Fort Riley and Chickamauga, and two additional ones are to be selected.

"The new plan will be greatly appreciated by the local members of the Fourth regiment, which for the last few years has been holding its encampments at the state grounds at Newark. Complaint has been made of the state grounds by reason that there is no change, as it was formerly the custom, the troops going to various sections of the country. Many of the officers and men have stated that a watering place would be far more beneficial, as the encampment is quite a vacation and rest as well as good military training for them.

"The state camp grounds at Newark were secured a few years ago and have been used by the regiments of the

state, at times several regiments being in camp at the same time. The grounds are not near a watering place."

The Advocate got in communication with Adjutant General Gyger at Columbus Tuesday morning and asked him about the foregoing article. General Gyger wired the Advocate as follows:

"There is no truth whatever in the article to which my attention has been called. As previously arranged the Ohio National Guard will camp as a division on the state ground near Newark during the month of August this year."

The division encampment means that the entire guard of the state will be here at one time the coming summer and it is probable that U. S. Adjutant General Corbin and possibly President Roosevelt will visit the big camp.

Adjutant General Gyger received the following telegram from Assistant Adjutant General Parker of the war department:

"Department ready to issue magazine arms and equipment under section 13 of the militia law, as soon as the number required to arm organized militia in your state can be determined by personal inspection by army officers. The secretary of war desires that you advise this office by wire the earliest date and place where inspectors can visit each of your organizations."

General Gyger replied as follows: "Ohio has 90 infantry companies, located in 71 different cities and towns. Inspectors can visit organizations at any time at the local armories. Roster showing location of troops has been forwarded by mail."

SCHOOL BOARD

VOTES TO BUILD NEW SCHOOL HOUSE

Of Eight Rooms on Woodside Lot—A Vote Taken on Everett Lot Proposition.

The Board of Education met Monday afternoon with President Christian presiding. The members present were Messrs. Christian, Fulton, Hoover, Haight, Henderson, Keller and Keckley.

A motion by Mr. Henderson to build a school house on the Everett lot in the North End was lost. Ayes: Henderson, Haight and Keckley. Nays: Fulton, and Keller; not voting: Christian and Hoover.

On motion of Mr. Hoover the Board decided to build a new eight room school house on the Woodside lot. All voted for this excepting Messrs. Henderson and Keckley. The board adjourned to meet at 4 o'clock Friday afternoon, March 27.

FUNERAL

Of Miss Julia Tobey Takes Place on Wednesday Afternoon, the Rev. Mr. Schindel Officiating.

The funeral of Mrs. Julia A. Tobey, who died at the home of her daughter Mrs. William Dayton, east of Newark, on Monday morning, will be held at the residence of her daughter, Mrs. Fannie Stagers, 21 Buena Vista street, on Wednesday afternoon at 1 o'clock, Rev. J. C. Schindel officiating. The immediate cause of Mrs. Tobey's death was a stroke of paralysis, which she sustained on Friday. The deceased was born in Burkettsville, Frederick county, Md., and had been a resident of Newark, making her home with her daughter, Mrs. Dayton, for over 25 years. Four sons and three daughters, two of whom, Mrs. Dayton and Mrs. Fannie Stagers, live in this city; one daughter residing in Eureka Springs, Kas.; one son, Dr. Tobey, living in Salina, Kas.; Charles in Columbus, and the others in Chicago and Corning, are left by the deceased.

WM. F. JONES

Who Has Been Suffering From Paralysis for Six Months Died Early on Tuesday Morning.

Mr. William F. Jones, one of the oldest and most highly respected residents of Newark died at his residence 61 West Church street, on Tuesday morning at one o'clock, after an illness of six months. The deceased sustained a paralytic stroke last fall and had been rapidly failing ever since. He was aged 78 years and had never married. He was born in Wales, but had been a resident of Newark ever since he was four years old. He was a tailor by trade, but had not worked at the business for several years. He was one of ten children, eight boys and two girls, all of whom are dead with the exception of one sister, with whom he made his home, and who has the sympathy of all her friends in her great sorrow. The funeral services will be held at the home Wednesday afternoon at 2 o'clock and will be conducted by the Rev. L. S. Boyce, after which the remains, according to the request of the deceased, will be taken to Cincinnati, where they will be cremated. The ashes will then be interred in Cedar Hill cemetery.

Salvation Army.

Blessed is he who helpeth him who helpeth another. That is a very old saying and even today a good one. Remember it and do your best to help out the Salvation Army in its Self-Denial efforts. There isn't today alive so rich a people as that of the United States. We're not the poorest of the lot right here in this community. At least we ought to be able to help the Salvation Army pretty well in its Self Denial Week. April 5th to 12th.

HORSE RAN

Throwing Occupants of Buggy Out, One Being Badly Hurt—Georgia Nixon's Leg Broken.

While several of the members of the demi monde of Newark were out riding on Monday evening, their horse frightened at something on East Main street and ran away. The driver was unable to control the horse, which swerved to one side, upsetting the buggy and throwing the occupants out onto the ground with great violence. All the parties escaped serious injury with the exception of Mrs. Georgia Nixon, who, it was found, had fractured her right leg. The injured woman was taken to her home on Walnut street, where the fracture was reduced by Dr. C. F. Legge.

Beware of Ointment for Catarrh That Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Hall's Family Pills are the best. Sold by druggists, price, 75 cents per bottle.

Notice to Pastors.

Several weeks ago, the Advocate mailed letters to the pastors of the different churches asking for certain statistics. Several have not responded. The Advocate is engaged in making up some interesting statistical matter, and those pastors who have the best interests of their congregations at heart will take a little time and trouble to answer. Otherwise they will be left out of the consideration.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This treatment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days.

TOSS OF COIN

Decided That Jennie Stedman Should Become the Bride of Abraham Von Glove.

Binghamton, N. Y., March 24—The toss of a cent decided that Jennie Stedman of Sioux City, Io., should be the bride of Abraham Van Glove, a retired business man and wealthy real estate owner of Speedville, N. Y.

When his wife died several years ago, Van Glove decided to wed again, but would not do so unless he could assure himself in advance of certain qualifications of his prospective bride.

He accordingly advertised in a Western paper and opened a matrimonial competition, the winner who could most satisfactorily fulfill the specifications as to housework, temperament and economy to win his hand and heart.

There were 18 entries in the race, from all parts of the West.

Mr. Van Glove carefully sifted these down to five competitors, who seemed nearly equal. So close was the margin between three that it required the toss-up of a cent to decide.

The lot fell to Mrs. Stedman, and she was notified to come East. She brought with her a little child, and with Van Glove it proved a case of love at first sight.

ERUPTION

OF LA SOUFRIERE COVERS THE GROUND

With Nearly Three Inches of Sand and Stones—No Injury Is as Yet Reported.

London, March 24—A cablegram regarding the eruption of Mount La Soufriere was received at the colonial office today from the governor of the Windward Islands, Sir Robert Baxter Llewellyn. The dispatch was dated St. Vincent, March 22, evening, and stated that the eruption of La Soufriere began at 6:30 o'clock that morning. There were immense clouds of smoke but there was a comparative absence of lightning. No injury was done beyond the fall of sand and stones, two or three inches deep at Georgetown. In the afternoon, the dispatch added, the flame and smoke had considerably subsided.

If he is not prescribing it in his practice, he knows what it is, and if he is honest, he will satisfy you and us with his reply to your question.

Dr. Caldwell's Syrup Pepsin

is not sold in bulk, but all druggists sell it in 50c and \$1.00 bottles and refund your money if you receive no benefit. Fair, isn't it?

L. E. Covey, M. D., Savannah, Tenn., writes under date of Aug. 1, 1900: "I have used Dr. Caldwell's Syrup Pepsin in both my own family and in my practice, and unhesitatingly state that I have got better results from it than any other form of pepsin I have used. I consider it a most excellent preparation."

Dr. T. Jones, of Osceola, Mo., writes under date of Oct. 2, 1902: "I have used Syrup Pepsin for some time and find it gives most excellent results and is one of the greatest selling preparations I have ever carried in stock. I do not hesitate to recommend it."

Allcock's

Porous Plasters

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the shoulders, elbows or wrists, the plaster should be applied as shown above. Wherever there is pain apply Allcock's Plaster.

For Rheumatism or Pains in the chest, or for Sprains, Stiffness, etc., and for Aching Feet, cut plaster size and shape required and apply to part affected as shown above.

For Sore Throat, Coughs, Bronchitis, or Weak Lungs and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs
Weak Chest, Weak Back
Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

Too Precious.

The Youth's Companion which is noted for the good things it prints has the following in the current number:

A village clergyman has this choice bit among his annals. One day he was summoned in haste by Mrs. Johnston, who had been taken suddenly ill. He went in some wonder, because she was not of his parish, and was known to be devoted to her own minister, the Rev. Mr. Hopkins.

While he was waiting in the parlor, before seeing the sick woman, he beguiled the time by talking to her daughter.

"I am very much pleased to know your mother thought of me in her illness," he said. "Is Mr. Hopkins away?"

The lady looked unfeignedly shocked.

"No," she said. "Oh, no! But we are afraid it's something contagious and we don't like to run any risks."

This contest is open for all Boys and Girls under 16 years of age. It costs nothing. Cash prizes will be awarded the winners.

INSTRUCTIONS—After solving the rebus insert name of the firm on the top line, writing all that the picture represents and nothing more. Boys and girls must give their names, ages and addresses. Cut out the picture on border lines and preserve it until eleven others which will appear between the dates, March 24 and April 6 inclusive, are solved in a like manner.

After the twelve rebuses have appeared send the coupons properly filled out to the Rebus Editor of the Advocate at or before 7 o'clock Saturday night, April 11, 1903.

No essay or composition in this contest is required. Some of the puzzles are more difficult to solve than those

printed in the first contest and the prizes will be awarded on the solution of the puzzles alone. The answers submitted must be absolutely correct. In other words the contestant must write in the blank lines just what the picture portrays and nothing more.

To the boy or girl under 16 whose solutions are best the Advocate will give a prize of \$5.

To the boy or girl under 16 who ranks second a prize of \$3 will be awarded.

To the boy or girl under 16 who ranks third a \$2 prize will be awarded.

This contest is open to every reader of the Advocate who is under 16 years of age. It costs nothing to participate.

Narrow Escape
Of Bill Henderson

The citizens of Panther Hill had turned out to a man to hang Bill Henderson for the murder of Joe Davis. The pair had been off in the thickets together, and only Bill had returned, and he had not told a straight story. Bill had protested his innocence, but it was no go. The barrel was about to be kicked from under him when there was a great hurrah up the street, and next moment the supposed murdered man was in the midst of the crowd, shouting:

"I am alive! I stand before you! Do not hang an innocent man!"

For three or four minutes the dramatic effect was all that could be hoped for. Then some one sung out: "Boys, we can't hang nobody for murder, but we kin hev sum fun with the kuss who oder bin murdered, but wasn't!"

They got an empty pork barrel and headed the "victim" up in it and rolled him up and down hill for a good long hour. He was too weak to do any talking for several hours after they let up, but that evening when he was asked if he still favored dramatic effects he sorrowfully replied:

"I don't think I do. I thought they related to hangin's, but I find they mean pork bars, and darn my hide if I don't let high flown language alone arter this and know what I'm sayin'!"

MEN'S WAIST BEAUTIFIERS.

Correct Form Now For London Clubmen to Wear Corsets.

Fashionable men, owing to the craze for slender waists, have begun wearing corsets, says a special London cable dispatch to the New York American. In Piccadilly on these springlike afternoons one may see hundreds of clubmen whose slender waists are obviously due to wearing corsets.

The fashion appears to have caught on with extraordinary rapidity. Scores of young society men may be seen promenading along the fashionable Mayfair streets today wearing frock coats of abnormal slowness at the waist. The same feature is noticeable in overcoats and cutaways. Fashionable tailors unhesitatingly admit that their patrons have adopted corsets. The demand for men's corsets has never been so great. They are euphemistically called belts.

One Mayfair corsetier has confessed that he makes dozens of corsets daily for men. One noted clubman wears a corset with a twenty-one inch front. These "male corsets" cost from \$10 to \$50. The latter price procures one exquisitely embroidered in flowers. One clubman, thanks to corsets, has reduced his waist from twenty-five to nineteen inches. The corset fashion originated with the swagger grenadier guardsmen.

An Old Favorite

THE SMACK IN SCHOOL

By William Pitt Palmer

WILLIAM PITT PALMER, author of "The Smack in School," "Ole to Light," "Orpheus and Eurydice" and other poems that gained wide popularity, was born in Stockbridge, Mass., in 1862 and died in Brooklyn in 1901. He was successively a medical student, a teacher, a journalist and an official of insurance companies. Most of his life was spent in New York City. The Berkshire hills referred to in the second line are the range of low mountains in western Massachusetts.

A DISTRICT school, not far away, 'Mid Berkshire hills, one winter's day, Was humming with its wonted noise Of threescore mingled girls and boys: Some few upon their tasks intent, But more on furtive mischief bent. The while the master's downward look, Was fastened on a copy-book; When suddenly, behind his back, Rose sharp and clear a rousing smack! As 'twere a battery of bliss Let off in one tremendous kiss! "What's that?" the startled master cries: "That, thir," a little imp replies, "With William Willich, if you please,— I thaw him kith Thubanna Peathir!" With frown to make a statue thrill, The master thundered, "Hither, Will!" Like wretch o'eraken in his track, With stolen chattels on his back, Will hung his head in fear and shame, And to the awful presence came— A great, green, bushful simpton, The butt of all good-natured fun. With smile suppressed, and birch upraised, The threatener flattered, "I'm amazed That you, my biggest pupil, should Be guilty of an act so rude! Before the whole set school to boot— What evil genius put you to't?" "Twas she herself, sir," sobbed the lad, "I did not mean to be so bad; But when Susannah shook her curls, And whispered, 'I was Traid of girls, And dursn't kiss a lady's doll, I couldn't stand it, sir, at all, But up and kissed her on the spot! I know—hoo-hoo—I ought to rot, But somehow, from her looks—hoo-hoo—I thought she kind o' wished me to!"

Fruit For the Family.

When fresh fruit for the family is bought, it is eaten sparingly. Where it is grown at home there is little restraint, and even the children can have as much as they want. We always sympathize with the family of the farmer who has no time to monkey with orchard, vineyard or berry patch, and we cannot blame his sons or his daughters for taking advantage of the first opportunity to escape from such a scene of privation, says an agricultural exchange. The most profitable fruit a farmer can grow is that which his own family consumes. They pay a better price than any one else.

Have Just Enough Land.

I have heard men say, "I tell you, if all of my crop had been as good as that one corner or one side of field where I had given it special attention it would have been a bumper crop." Well, why buy more land or desire to farm more until you have brought your entire field up to that state of productivity? More land means more taxes, more interest on money, more fences to keep up and more bribe to keep down.—W. H. Claypool in Stockman and Farmer.

The Supply of Seeds.

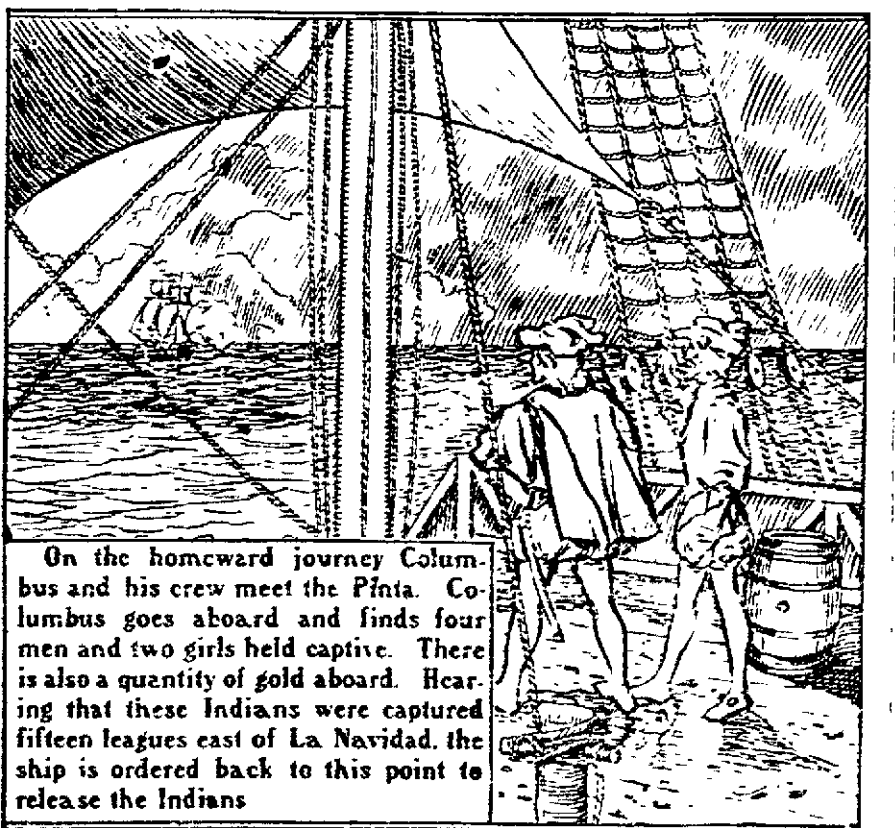

Get your seeds ready, so that when spring is well opened you will be ready to plant. This year beans are scarce, cabbage seeds plentiful, wax beans short, cucumber seeds scarcer than for years, peas of all kinds short, cantaloupe seeds high, watermelon seeds normal, pumpkins short in some varieties.—Tennessee Farmer.

Dried "Sweets."

Dried sweet potatoes are said to be comparatively more palatable and more like the green product than are dried apples. The department of agriculture is preparing a bulletin which will tell how "sweets" can be dried and kept indefinitely.

NEW CRUDE OIL MOTOR

Oscar P. Ostergren Says His Engine Doubles Power.

A BENEFIT TO AUTOMOBILISTS

Designer of the Yacht Arrow Declares Horseless Machines May Double Their Speed Without Extra Expense—Warships, He Says, Can Use His Device and Carry Fuel in Large Supply.

In a machine shop in New York city there was set in motion the other afternoon a "gradual combustion fuel oil engine" which, it is believed by its inventor, has solved the problem of cheap power and will mark the beginning of a new era in mechanical speed the world over, says the New York Herald.

Oscar P. Ostergren of Brooklyn, the designer of Charles K. Flint's fast yacht, the Arrow, and also the designer of a fast torpedo boat destroyer and the holder of many patents, is the inventor and is enthusiastic over his motor.

Here are some of the things he said he believed it would do: Revolutionize ocean traffic and do away with coaling stations, enable automobiles to go at eighty miles an hour as easily as they now go at forty, send fast express trains from New York to San Francisco without taking on a fresh supply of fuel, give street cars extra speed, with noiseless, odorless engines, at greatly reduced expense and eventually substitute waterless, boilerless engines everywhere for steam and make cheap fuel oil take the place of coal.

The new motor is constructed on the general plan of a gas engine, being improved in many essential features, but will use fuel oil in place of gasoline. It is contended by the inventor and those interested in it that it increases the power 100 per cent, produces the power fifteen times cheaper for each horsepower than steam, reduces the weight of the engine many fold and may supplant any steam or gas engine in existence.

It is a two cycle engine and gets a power stroke of the piston for every revolution of the shaft, being so adjusted that it is impossible to get a back explosion, because the fuel is fused in at the proper moment and not before. As a result of these conditions, the inventor says, it is possible to reduce the water jacket on the cylinder and run the engine without water cooling appliances. The oil is taken in at the top of the cylinder, vaporized, mixed with the proper amount of air, and its consumption is said to be only one-half pint of oil an hour for each horsepower.

An ordinary one and a half horsepower Lozier motor was used for the test, and this, being equipped with the new attachment, was easily increased to a capacity of three horsepower. Crude petroleum was used in the engine.

The motor is self starting and operates without a spark. The inventor explained that the most important features of his machines were in the construction of the piston and the introduction of air and the cleaning of the piston in such a way that all dead gases are thrown off, preventing back explosions. The oil is conducted by a coil through the exhaust, heating it to a high temperature before it is inducted into the top of the piston.

"Consider its application to the use of automobiles alone," said Mr. Ostergren. "It will double their speed, because I get with two strokes what other automobile engines get with four. All dead gases in my machine are eliminated, and there are no back explosions to deter the power. Moreover, it will do away with the water cooling appliance, which is a nuisance and frequently causes accident when the water becomes exhausted. In cold weather, too, the pipes often freeze."

"Other advantages of my engine for automobiles are these: It will occupy about half the space of engines in present use; it is so constructed as to dispense with all the heavy gear now required for reversal; it is self starting and operates without a spark. To run these engines will cost half a cent a horsepower an hour, and enough fuel oil may be tucked away in an automobile to run it at a high rate of speed all day and all night."

"For vessels, particularly warships, it will make it possible to do away with coaling stations altogether, as sufficient fuel oil may be carried in convenient portions of the ship to last for a very long period of time. When a new supply of oil is needed, it may be taken on from a tank ship in any manner by the simple use of a flexible hose."

Interesting Bits of News Over the Wires Stated in the Fewest Words Possible.

At Chicago Judge Kohlsaat in the United States district court this morning issued a temporary injunction restraining one Illinois and ten Indiana coal companies, individuals, from continuing a contract to fix and maintain the price of coal which is held to be in violation of the Sherman anti-trust act. All were recently indicted and given a hearing in the state court, but the charges against them were dismissed on the ground that the federal courts alone had jurisdiction.

President Roosevelt today appointed S. T. Person postmaster at Wilson, N. C. This is the office for which Postmaster Vick (colored) was a candidate but against whom Senator Pritchard brought charges of party perfidy.

At Louisville, Ky., three men were killed and six injured by the explosion of a saw mill boiler near Wickliffe today. Those dead were torn to pieces and the others fearfully mangled.

At Richmond, Va., Wm. H. Cullingworth postmaster under Cleveland, died this morning. He was known as the man who made a thousand pound plum pudding and served it at a banquet on Cleveland's first election.

At Pittsburg fire broke out in the McElveen furniture company's build

ing this morning on Penn avenue; loss \$400,000. Two firemen were rendered unconscious by smoke and taken to a hospital.

Senior Luther League.

The Senior Luther League will convene this evening at St. Paul's in its regular Literary and Local session. The following program will be rendered:

"The Idiot at Worms," by Miss Nellie Turner.

"Furniture of the Chancel," by Cornelius Miller.

After the program the meeting will be in charge of the Social committee, consisting of Mesdames F. C. Loyd, C. Herchlin, Miss Mae Markham and Dr. W. G. Corne and B. B. Beck.

FIFTY HORSES

To Be Sold at Public Auction. Thursday, March 26.

I will sell at my barn in Coshocton, Ohio, Thursday, March 26, fifty horses. These horses consist of fine drivers, general purpose and heavy work horses.

I have spared no time nor effort to have the best lot of horses for this sale that I have ever offered.

They are all of good size and quality. Sale begins at 12 o'clock.

GLASS BLOWING

Machines for Five Indiana Towns—They are to be Put in Large Tank Furnaces.

Anderson, Ind., March 24—A. M. Fox, of the American Window Glass company who is making this city his headquarters, while starting the blowing machines in an Alexandria factory says the company will place machines in the factories at Alexandria, Fairmount, Gas City, Orestes and Hartford City. He does not think that other Indiana factories will have blowing machines for at least another year or two. The intention of the American company, he says, is to place the blowing machines in factories where there are large tank furnaces and pot furnaces will not be considered for use in connection with the blowing machines for some time.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by F. D. Hall's Druggist.

KILLED BY TRAIN.
